**Atty. Doc. No. 2003P13760US**

**REMARKS**

The Applicant wishes to thank the Examiner for the finding of allowable subject matter. Applicant has amended claims 1, 5, 12, 19, and 20; claims 1-20 remain pending in the application and presented for examination. Applicant respectfully requests allowance of the present application in view of the foregoing amendments and the following remarks.

**Response To Rejections Under Section 112:**

Claims 1-20 stand rejected under 35 U.S.C. § 112, first paragraph, the Examiner stating that the specification does not provide enablement for the claims as originally presented. In response, the Applicant has amended independent claims 1, 12, and 20 to ensure alignment with the scope of the disclosure.

Claims 5 and 9 stand rejected under 35 U.S.C. § 112, second paragraph, the Examiner stating that the language therein is indefinite, as filed. In response, the Applicant has amended these claims to more clearly define the present invention.

**Request For Allowance Of Claims 1-20:**

In the Office Action, the Examiner indicated that claims 1, 12, and 20 would be allowable if rewritten to overcome the rejection(s) under Section 112. The Examiner also indicated that claims 2-11 and 13-19 contained patentable subject matter and would be allowed if rewritten to overcome the rejection(s) under Section 112 and to include the limitations of the base claims and any intervening claims.

In view of the amendments to claims 1, 12, and 20, the Applicant respectfully submits that dependent claims 1, 12, and 20, as well as dependent claims 2-11 and 13-19, are in condition for allowance and hereby requests the allowance thereof.
